

2 Instead of dealing with drug problem we pass the back to police agencies.

"our country - maintaining the drug war for decades."

6 Whole quote "War is the health of the state."

8 Hernandez - then Scott - then

\* Ralph Garrison - New Mexico Killing 12 AR15 rounds into him as he stood in his doorway.

9) "Kids, old ladies, completely innocent people - killed by those pretend to protect.

10) if its a "drug raid" we calmly accept the deaths of ranchers, businessmen, old ladies, children, and even innocent goat herders

12 - Controlling drug supply (or demand) is like holding water in your fist, it will find its path out.

Blaming Peru, Columbia, & Mexico for our drug problem is like blaming Saudi Arabia for traffic jams.

\* Eventually we will realize that a fist won't work against what is fundamentally a spiritual problem.

18 "The Children" Sheriff Masters turned against drug war after going to the FBI HQ to work on child murders/abductions & seeing all the money going into training DEA agents - to catch people smoking marijuana.

20 - Lets try something new, like telling people to take responsibility for themselves Most people will, if given the chance, take care of themselves.

31 Masters worked with a dealer who would take money for busting his competition

Corruption of Law Enforcement happens 2 ways  
1) Sell or protect or look the other way / drugs

2) Consequences of Nobody reporting - entrapment informers, 41 percent - "Pity Money" whenever thought of dealing till cop put money in his face.

Drug war racism, corruption keeps many good people out of law enforcement - as drug war grows the number of "bad apples" in law enforcement increases.

Saddest result - rift between police & public - Peace officers feel in their hearts something is amiss - many realizing how insidious prohibition really is.

6(1) The Real Message the Drug War is sending to The Children!

66 Treatment without prohibition addicts more likely to pursue treatment - & we'd have to help people.

67 Politicians should say "We tried to solve this problem and failed. Now it's up to individuals, families, churches and communities to take responsibility."

Violence - caused by prohibition, not drugs themselves

69 top level research "Drug and alcohol prohibition have substantially raised the homicide rate in the United States over much of the past 100 years."

72 - 72 Politicians - I have blame for deaths of the innocents.

73 - Judge Gray - Getting soft on all other offenses

Big issue - every dollar and minute spent fighting drug war... cannot be spent fighting violent crime

75 - Drug prohibition/impurities are main reason drugs are so dangerous today.

75 - P always makes more dangerous - "crack" and "meth" would never have been developed without prohibition.

? 92 - Socrates "You write the laws and I'll sing the songs, we'll see which ones the people remember??"

97 - Pass only the laws that are really necessary

118

111 Madeline Strossen - ACLU - Prisons - effete - "We can't incarcerate our way out of this problem."

120 - Newspaper article on what turned Sheriff Masters against the drug war...

broken down to find the FBI academy swarming with bright enthusiastic, young agents in training for the DEA, but only a handful of older, overworked agents assigned to a case dealing with suspected child abductions by a serial killer.

Sheriff Masters has Kids

128 - Cases that turned Harrison Act into Drug War.
