

So do our body ^{mind spirit, soul} Folk Festival Absolutely Grass Roots in every way

The H B will carry on - No matter how many of us they put in jail. If they put me Charles & me in jail ~~to~~ know some body will ~~to~~ put it together - Festival Will carry on

In the years after legalization ^{where we have won} The H B will ~~become much larger~~ go on bigger and stronger because the H B is a cultural celebration of the magnificent ganja ^{the miracle cannabis plant that can significantly help to} ~~save~~ "save the world" both physically and psychologically.

Every 37 seconds an American ^{is} ~~is~~ arrested for an ancient herb plant. I would like to have 800,000 of us arrested each year for a plant which is good - but now it has become an industry. ^{Industry - Bigger than Auto-Social control - that is worth its price.} ^{Prohibition}

Un American - Un patriotic - to be for Cannabis ^{the DW - since USA - is individual freedom.} ^{Conscience & Plants}

Last Frontier of heroin rights is We are the Patriots
N. America and of the free home of the brave
Is in Mexico - we use Democracy to fight back.

Democracy & Schutte - Not allow Democracy - Social Control - police state - Stands with Police Around Arm. like Hitler.

They put me in Adam Brook in Jail, which is a summary especially for him, but can they stop the H B? ^{Appause line}
to you can help Adams little bit today.

Vets - For P.T.S.D.
Erik Stien Quote - Conscience

Freedom of Consciousness, in partnership with plants, is the last frontier of Fascism and the first step toward real freedom in America

~~second step~~ Freedom that can help lead to a sustainable world

MAKING SENSE OF THE MENTAL MAP

Aspects of our lives, including our physical and/or mental health, regarding that tightly wound ball of wire that can have negative repercussions on all of us. If we are unable to learn to make sense of all that confusion, we can end up

appear intertwined like a ball of wire. It's a tangled mess whereas your thoughts may reflect multiple story lines that by comparison

Now realize the story map. When you are finished with your mental map, you may have thoughts that are disconnected possible for the minutes. Silence to reflect upon our day today. While as many details as possible in as few words as time and space allow is equally important for the writing process. Let's take a few minutes in time to look to this circle for mental stimulation and support in telling our life stories, finding
