Compelling Interest
 - State must have to inhibit ind. freedom
 - Burden of proof is on I. Marijuana. 2. Drug abuse. I. Title
 The Nureis

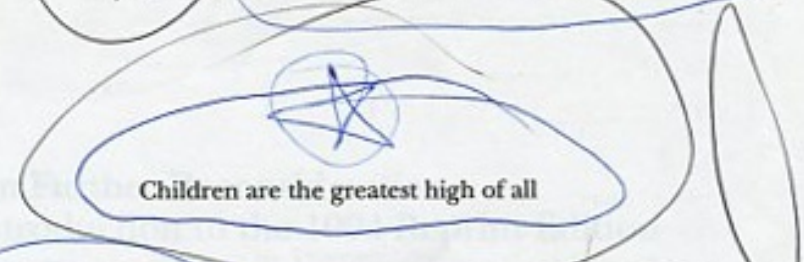

HV5822 M5G75 1994
 Distinction - Distinctive to Self on Distinctive Society
 Quoted John Stewart Mill
 Printed in the United States of America

361 - phrase - will backfire "We are ever eager for forbidden fruit"
 "the desire to regulate everything by law is more likely to increase than to return them"
 368 - may make less if legalized - money more in pocket to oppose hypocrisy & the system
 - Legalization - Drug Educators would be much more credible with legal system
 370 - Fear of legalization

J.S. Mill -
SPINOSA - Another
in Freedom

276 - No Harm - So Prohibitionists position Defensiveness
 - other than offensive
 376 - Review of all Health Haz and allegations
 377 - Final word on Aggression
 Cognition and motor Co-ordination / driving
 Anxiety / Psychosomatic - Excellent
 381 - Addiction & Tolerance Research
 - Does Not Exist

Children are the greatest high of all

371 - M could never be shown to be as dangerous as alcohol or tobacco.
 371 - Most Negative - To avoid a national disaster

382 - "Psychological Dependence"
 "the term does not tell us much"
 stepping Stone hypothesis

384 - study - "Ganja in Jamaica"
 Rubin & Comitas - great
 - Jamaica - South Africa - they often take the drug in order to work - not anti-motivational

385 - Costa Rican Study
 - Show - even heavy use does not have to be a part of any psychopathology
 386 - Conclusions of International Drug Commission have never been seriously challenged.
 387 - Perfect Worldwid paragraph on the safety of chronic use.
 387 - Recent (later 70's?) research - Garcia - Physiological Effects
 1) Brain Damage - "we would expect some clinical evidence"
 2) Testosterone
 3) Immune Response
 4) Chromosome Damage & Fetal Defects
 5) Pulmonary Function
 6) "we need more research" - interminability 1) 2)

392 - How to Answer the "we need more research" - interminability 1) 2)
 Perfect List of Bad Effects of Prohibition
 393 - "Vague Anxiety" should not influence policy - or put people in jail
 394 - its false objectivity to say its unscientific to make policy recommendations
 - takes we should take the scientific conclusions where they lead.

394-95 - medical uses - to 1981 - or 78 - includes use to deal with alcohol & the opiates
 396 - If you are going to be hooked on something Cann beats all (melt tobacco)

EFFECTS - Learning how? Even
~~Mezz~~ Mezzrow had to be taught.

xiii There are uses of Marijuana that
are not strictly medical or strictly
recreational like me

Pg 175 group of responses suggest that
"Some sort of psychic pain is relieved"

1969 Scientists could see imminent
disaster for species population, arms, ecology

331 Culture War
333 ~~179~~ - ~~sensitive~~ to war over pop. etc.

368 Drug Educators much more
credible w/ Drug Legal.

283 - Like Costa Rica - Female
Constancy of Attachment to Female
Partner

189 "Sociogenic"
