238 - Ginsberg - Born Born Mahadev

P. 95 - Notes on Cocaine

P. 57 FIRE

## MARIHUANA

ON

TRIAL

In 1937, Congress, through pressure by the Federal Bureau of Narcotics, passed judgment on marihuana, rendering it illegal. The legislatures of various states seconded this judgment, many with even harsher laws.

Today that judgment is being called into question. Lawyers are challenging it in the courts. And there is growing evidence that an entire generation of Americans is challenging it in practice.

This volume is designed to illumine the facts long obscured by the marihuana myth. Presented on these pages is the famous La Guardia report on marihuana. The impassioned defense of the drug by Allen Ginsberg. The historical realities by Dr. Norman Taylor. The testimony of noted physicians, psychiatrists, sociologists. And much, much more—

Everything, in fact, that you need to make up your own mind.

"A highly interesting and controversial book"  
—Washington Star
