

- 31 Studied Every Conceivable Way that M could be harmful.
- 6 LANCET Quote The Smoko of C, even long term, is not harmful
- 8 Jamaica & Greek Longitudinal were US Funded Studies harmful to health.
- 8 Crest Schaber Quotes Danger overgeneralized over drama trees
- Their Recommendations were unanimous
- 10 Nahas hearings to Coenrich Schaefer.  
Plus - new bad data - some data  
Everyone proved wrong by N + in US studies
- 1972 Schaefer "Science has become a weapon in a propaganda battle." yes
- 15 - Lancet super quote: NOT harmful to health!
- 22 Judge Young - John Lawn
- 23 List of those who oppose the strict prohibitionist approach/ include.  
Assoc. of prosecutors - of criminal defense attorneys
- 24 - Q is NOT what is best but having a range of useful alternatives  
Smoking is proven better
- 29 - Addiction - The Rat Study - High Dose than "blocker drug" to strip
- 30 Peppers declared Marijuana Dependent even if they don't meet the criteria
- 32 - Aftermath Not a gateway drug
- 37 - Yes & No on Dopamine - Does Pot cause it to be made
- 39 Schaefer concluded harm from arrest was greater than from use  
- Since Schaefer more than 10,000,000 arrested  
Ethnic minorities even represented in arrests
- 41 RACISM - Inevitable Stats - Non Whites are arrested for Pot  
1970 - 1995 Chart of How Many Arrested
- 44 - more than 1/2 of states have "possess a joint - lose your license" laws
- 46 - NO Detectable relationship between M use rates & severity of punishment
- 48 Netherlands - Use rates for most age groups comparable to US.  
They Normalize use Dramatize.
- 1000 coffee shops - based on practical considerations
- Age of first use - U.S. - 16.3 Amsterdam - 20 yrs  
young Dutch pot users less likely to try cocaine - Dutch have separated the cultures - removed the deviance.
- 60 Study - No M induced brain abnormalities
- 65 Worker Performance - 2 cases where productivity increases
- 68 - Lab Studies - Pot Smokers Work Harder

- 71 Cognition/Memory No trouble remembering things learned earlier - BUT (implication for students)
- 73 - Outside the Lab M intoxication makes it harder to concentrate on one thing, harder to concentrate on a linear train of thought.
- Cannot show anything about creativity or problem solving enhancement in the lab
- in the CLASSROOM - Impair short term memory and learning
- 74 Wow - The US funded the Jamaican, Greek, & Costa Rican Studies
- 75 A few studies give hi pot users higher cognitive scores.
- 76 - 3 Studies in US Showing long lasting Cog. impairment  
#2 Psychiatric Patients may be helped by Marijuana
- 83 Characteristic Psychological Traits - Unconventionality, Non-Conformity, Sensation Seeking. Marijuana Myths
- But pot smoking teens sometimes better psychologically
- 86 - Never been a lab report of pot hugely changing a persons behaviour. Marijuana Facts
- 88 - M does NOT cause crime
- All human animal studies show aggression is decreased.
- 90 Museums - substantially underrepresented among violent criminals  
Researchers could not even provoke violence - unless stress like starvation was introduced
- 102 Trying to tie child cancer to THC  
Actually - significantly less cancer in rats given huge THC over long period. - f tumor control.
- 103 - Findings (Longitudinal) - similar - but - researchers consistently highlight the occasional negative finding.
- 114 Lungs - Not too bad  
"M smokers will not develop emphysema" No chronic obstructive lung disease  
Smokers of Both have less obstruction than T smokers only
- 115 Aussie Study - Lower emphysema & lung cancer as asthma & rhinitis  
No studies to show higher rates of lung cancer.
- For lung pathologies. "What matters most is the amount of smoke consumed over time.
- 116 - only .8 or less % of Americans use pot on daily or near daily basis. - For them SOLUTION - Smoke stronger pot
- 126 - Dept of Transportation Research - Pot is the least harmful thing to take & than drive.
- 128 - Ethin Cannabis increases Driving Ability - or many "overcompensate!"

128 Driving - More Cautious Pot Less Cautious - Alc.

139 Hi Potency Pot is Better for you.

144 1970 data to show again - Pot <sup>experimenters</sup> users have less.

145 No Data to show govt. Antidrug messages work. They work on young children even drug using adults

146 Sometimes ads Counter Productive

147 - Majority of Students Dont trust the info & dissects freed w/ drug ed program. DARE Data

147 - Goal of Drug Ed - Reduce ABUSE

150 - Statement of all Commissioners -- should not be criminalized.

148 Harm Reduction

151 - Govt Schaefer Statement - Unanimous opinion to decriminalize

152 Schaefer said these arrests & prosecutions caused irrevocable harm to the individual

152 Destroy the Constitution - it causes Dis respect for all law and the system in general.

153 Criminal Law requires a near unanimous consensus re: undecorability of the beh.

154 Jimmy Carter - Full Statement

155 - "Single most destructive force in society", in terms of Turning kids against the system. Colorado D.A.

By 1978 The Marijuana Reform Movement was over.

The Reaction Began

Backlash was begun in 1974 - w/ Eastland Hearings  
By 1977 70% of US Senators had tried Marijuana

160 Current Pot war

133 Drug Deaths? Even most hyperfascists only find 8400

148 Drug Education - Focus is prevention of Abuse not use

US Dept of Ed Guidelines - Never use terms "casual" "recreational" or "responsible" drug use. Picture in Black & white

150 List of Commission Summaries

p2 Complete Perfect Schaefer Comm  
"Unanimous opinion that No Criminalization"

156 1977 The Majority use occurred

The people  
Hitler  
"more readily sell victim to number 1  
since" They would not believe that others could have the  
prudence to distort the truth so is "fanatical"

The ultimate tone for the term "boasting  
with footnotes" - citations to authoritative  
research documents follow nearly every  
sentence

A mere 163 pages of text is hammered  
down with authority by "68 pages" of  
~~list~~ references.

XV Financial Support was supplied by  
the great Peter Lewis
