

Q where is Quint? - Somewhere

enables man to experience mediation between his mortal existence and the supernatural forces

- Separate body/soul? in a tenuous and simple fashion and almost instantaneously

176 - The Normal State - A rather limited point of view

177 Psychedelics - make everything come to life, acquiring a deeper and different meaning = "Linked in bliss"

178 Opposite (in psychiatry) of Tranquilizers - brings conflicts to the surface & makes them

179 - Self experimentation by therapists - Very important ^{intense}

180 objective everyday consciousness dissolves into the mystic experience of one-ness

184 - all pervading significance of Hallucinogens to the cultural evolution of the human race.
