127 - Purchase the chacruna yourself and put it in the brew.

<sup>Nearly</sup> None of them rise above money, sex, ego - No Bodhisattvas

Take Dragonfly Tours to Vine of The Soul intensives.

## AYAHUASCA MEDICINE

"Alan Shoemaker has seen it all, and done it all. In this book he narrates his life story with humor and passion. A read sure to be of interest!"

DENNIS MCKENNA, PH.D., ETHNOPHARMACOLOGIST  
AND AUTHOR OF *BROTHERHOOD OF THE SCREAMING ABYSS*  
AND COAUTHOR OF *THE INVISIBLE LANDSCAPE*

"Ayahuasca Medicine is a revealing journey on the Western shamanic path with one of the most preeminent gringos on the Iquitos frontier. Alan Shoemaker's apprenticeship with the medicine ayahuasca is rich in wonder, frank in detail, and embodies the cultural metamorphosis those of us who connect with the power plants must undergo. And as a new generation of Western seekers comes to the jungle in search of the mystery, Alan's greatest wisdom may be his understanding that true healing comes from within. As well as the plants and the curanderos, Westerners are being groomed to be their own teachers, and Alan Shoemaker stands foremost among them."
