

X Sumerian Religion - Based on Mushroom Cult and copulation. (We think we are advanced)

Give me that old time religion, good enough for me  
Intro - Religion was born out of dependence on nature.  
One had to communicate with the source of fertility  
- get heavenly phallus to drop semen - So, copulate  
xxi - The way to God and the fleeting view of heaven was  
through plants.

xxv "Sin" for Jew or Xian is The "emission to waste"  
of sperm - Blasphemy

alienated - You had to have a "right relationship  
with that natural power.

22 - Plants - Roots below the earth. Water from above and  
below - Thought possible that varieties of  
vegetation could give access to the wisdom of these  
realms - The ones concentrated to the greatest degree  
hallucinogens could impart "Knowledge of the gods."

"Key" to mystic experience and "rebirth".

eh.

religion. - to bring things together again??  
"heal the rift that has opened between god and the world."

Essenes - Gnostics - Life, not death, was  
man's misfortune - trapped in matter

189 - Early Judaism - based on mushroom cult - ??

Origins of Yahwism was within the "fertility cult"  
tradition - Not in opposition to it

So, The Psychedelic tradition in Judaism was  
wiped out by the behind the couch reform

motion of Judaism. "Baal was in there and  
YWEH had a wife. Ashera

based "fertility cult" the need for a real Jesus  
fades away.

first 4 or 5 are cultic religious stuff

ethic still seem worthwhile today does  
it add to their authority that they  
were promulgated 2000 years ago by  
worshippers of the amanita muscaria?

- compare  
Clark Heinrich?  
on amanita
