

20. Go over all of article

"What mushroom is is that blooms at the end of human history.

30 Very Strong Calvinist bias against a "free lunch" illumination without suffering! - My thesis

124 South American Yage ayahuasca complex the biggest psychedelic cult in the world

125 - Tryptamine hallucinogens remain the most impressive & effective in our toxic tools - one can place oneself firmly & angrily normally

True technicians of Psychedelic Sacramentality

144 Human Consciousness formation involved a feedback loop with plant hallucinogens

Define ecstatic as something the org. wants to do over our. Monkeys will return to DMT over food and water.

146 - For Why I Legalize - Subtle psych log ical

160 - You either love them or you hate them, and that's because they dissolve world views

- having your entire ontological structure disappear under you thrill or terror

69 Dimension Overmind? The mind of the Species

God? DMT very reliably triggers what can only be described as contact like phenomena.

JBS Haldane "the world may not only be stranger than we suppose, it may be stranger than we can suppose.

164 - on the mushroom - English law took exception that it was preposterous to try to cut law a naturally occurring plants.

165 - Paragraph - maturity (in civ?) as a species - We now have so much power, must drop monkey god trap - explore the prob. of con. soc. a crisis? - Is it man good? what for?

203 - I expect a new open mindedness born of desperation on the part of the Establishment

54 - Plant Religion / Soma / Eleusis / "as though these botanical hallucinogens were lethargic - message bearing chemicals shed by gods to control the development of human history

56 There are no psychoph or amantia in Indie Today

13 - Tryptamines accompany least subject to abuse

58 - a Civ. created that is truly civilized - through being rooted in the psychedelic experience
