

PSYCHOACTIVE SACRAMENTALS  
ESSAYS ON ENTHEOGENS AND RELIGION

EDITED BY THOMAS B. ROBERTS  
FOREWORD BY BROTHER DAVID STEINDL-RAST

## PSYCHOACTIVE SACRAMENTALS ESSAYS ON ENTHEOGENS AND RELIGION

Edited by Thomas B. Roberts, Ph.D.

What place might psychoactive sacramentals – entheogens – have in contemporary religions and religions of the future? Can the careful use of entheogens aid in spiritual development? How might entheogens enhance spiritual practices? What cautions ought to be considered?

The Chicago Theological Seminary and the Council on Spiritual Practices invited several dozen leaders in religion, mental health, and allied fields to consider these and other questions at a 1995 conference-retreat. The conference participants contributed these essays.

### Contents

Foreword Brother David Steindl-Rast, O.S.B. • If I Could Change Your Mind Rev. Mike Young, M.Div. • Do Drugs Have Religious Import?
