1927 - List Medical Uses - By two French Doctors

200 Rave Reviews of Psychedelics Encyclopedia
Pain - wow - yes - Makes it "go off in the distance" Analytic
Peter Stafford has an elephant's memory for what happened to Public Consciousness.

200 - Chit Allen Ginsberg
birth contractions calm babies
"A delightful Rabelaisian social history of psychedelics in America."
- Whole Earth Review

200 Antibacterial - Knock out resistant staph infections
"A look at the history, pharmacology, and effects of these drugs, based upon... literature, folklore, and the author's personal experiences."
- Library Journal

201 - D. friend kind of Pot - Less Delirium Developer?
3 times as much when looking
"Fascinating... consumer-oriented exposition details history, botany, synthesis, and use of LSD, pot, cactus, mushrooms, street, and ceremonial drugs popular in the '60s."

TART
201 - Effects wow - The Tart Study - (On Being Stoned)
"A wealth of information on each of these mind-altering substances. Great List
Even those who disagree will find it an important resource."
- Drug Survival News

203 Violence NIMH - Blumer Report Pot Blames Juvenile Violence
"There's no end to the great new things you'll learn about dope in Psychedelics Encyclopedia... authoritative."

203 SEX - IMPT STUDY - not takes some of the self out of it.
"A fine reference book, always engaging and easy to read... I have no hesitation in recommending it as a source of interesting and reliable information."
- Andrew Weil, M.D., co-author of From Chocolate to Morphine

204 SEX - Not like Alcohol - But Especially for Women - Initiate interest in sex - only w/ desirable partner
207 The Danger of Not
"Stafford's Psychedelics Encyclopedia, clear and straightforward, describes the substances which have done much to alter consciousness and so introduce vast numbers of youth, along with a few of their elders, to the mystical depths of their psyches."
- The New Review of Books and Religion

207 Ken
Keays
"Psychedelics are the royal road to the unconscious, and I would advise anyone interested in these matters to read Peter Stafford's Psychedelics Encyclopedia - which will have to do until better brains come along."
- Timothy Leary, co-author of The Psychedelic Experience

Commercial for Pot - "to be just without being mad."
"Stafford evaluates the psychedelic potential of a number of common and not so common drugs. The book is very well researched and the information is not tinged with moral admonitions or phony health scare tactics. You will be better informed if you read this book."
- Harvest Magazine

SOLOGENIC
Tart Study Again - wow
- Rats - can learn to run mazes faster with the tunnel
less

208 David E. Smith M.D. Haight Ashbury - "M is a drug of low abuse potential"
TREATMENT of? - The Abuser develops compulsions that get in the way of other aspects of life
III - 2 Rave Reviews of Psychedelics Encyclopedia

Sacred Seeds - Skunk Packet - "A little can warm the heart - too much can burn the soul."

220 "A wealth of information about one of the most controversial issues of modern times. It is written with clarity that will be appreciated by the general public, and so rich in content that even professionals in the field will find it a valuable source of data."

The Joint

(Rolled Snake) Dr. Stanislav Grof, author of LSD Psychotherapy
Started pre Columbian Mexico

"I strongly recommend this book to everyone with an interest in the human mind and its potential, as well as . . . culture, politics and the arts."

Wail quote

- Robert Masters, author of *The Varieties of Psychedelic Experience*

LSD
-15

"The book has very pretty pictures of plants in it and contains some fascinating ethnographic and anthropological data."

- Los Angeles Touch

"If you were alive in the 60's, you may be wondering why you are now . . . Within the pages of this outrageously researched book, you may find some of the answers."

- William Burroughs, Jr., author of *Spent*

"I think it will become a landmark in the field."

- John Beresford, psychedelic pioneer

"Stafford has performed an immense service to the adept and novice alike . . . No other single volume packs as much drug information."

- *The Advocate*

"If you were ever interested in the history of psychedelic drugs, this is your real chance to become an overnight scholar in this selected field."

- *SSC Booknews*

"Very well organized and fascinating to read all the way through."

- Paul Williams, author of *Des Energy*

"Stafford writes with authority and charm, an unbeatable blend."

- Chester Anderson, author of *The Butterfly Kid*

"*Psychedelics Encyclopedia* by Peter Stafford offers the most thorough history to date of the modern-day use of psychedelic drugs. LSD, mescaline, psilocybin, cannabis, and a host of lesser-known and exotic psychotropic agents are discussed in this entertaining survey."

- *New Age Journal*

"One of the most instructive, comprehensive surveys . . . a sane, reasoned reference work in a controversial area where politics and criminal penalties have kept research and public knowledge at a minimum."

- *Publishers Weekly*
