## Psychedelic Gospels

How does it happen? - it goes beyond anything we can explain.

And (90) "Religion itself was generated out of humanity's  
early contact with entheogens"

... possibly uncovers one of the most secret, historical findings of our times—the influence of psychedelics as an integral part of the early Christian experience. . . . bold, courageous, and insightful. A must-read!

90 Entheogens - The only authentic miracle

"The *Psychedelic Gospels* is heretical, revolutionary, and outrageous.

It claims that there is a direct relationship between the founding and development of Western religions and psychoactive substances and that this is a continuation of an amalgamation of many mind-altering practices and fertility cults found in the Middle East. The scholarship behind these provocative perspectives is impressive, and the hidden subtexts of Christian art are compelling."
