Hi Martin
Thanks again for the crucial part you played in our great victory!

We now must file our post election financial report.

QUESTIONS

The contribution from Dr. Dave was the last one, right. Please tell me who the last thou from Dr. Dave was paid to and for what purpose (Name of entity {gazette?}, amount, address, date, purpose).

Is there money left over? That money may be given to certain charities (maybe it could be returned to the donor?) ...and Louis MAY or MAY NOT decide to dissolve the committee at this time. I think we SHOULD dissolve this committee (it can always be re-started) because there are so many omissions in the financial filings that we could get into trouble that involves big fines.

We could file a Dissolution Statement with our Post-Election financial statement. That is what I would advise.

Please get me that Info about how the last money was spent!

Thanks very much, Chuck Ream pls forward to Louis
