To Not Rise up to Defend the city Charter Now (74%)
would be like saying - I represent the USA but don't
care about its constitution.

→ Voters in 2004 were making a very clear point.

Pestner must be silenced, embled, squelched on this issue. Is it finally
obvious how deeply out of step he is with the community who pay him

~~Can be no~~ Must go forward and set up the Licensing Committee

If dispensaries are really cracked down on it will certainly lead to
