

WHY PROTEST BILL SCHUETTE?

Schuetter led the opposition to medical marijuana in 2008. But medical marijuana won big – at 63% in favor.

Now he has a big ax to grind, and our patients will suffer if he gets elected.

We will not be quiet anymore.

For decades they have told us “If you don’t like the law, then use the democratic process to change it.”

So we did.

Now our new “Peoples Law” is the law of the State of Michigan.

We cannot tolerate an attorney general who would attack the safe access of qualified patients to medical marijuana.
