

- 4 - We have an inborn sense of Decency - Some say gods will.
- 6) Xians
- Heritate to embrace Creation
 - Second Coming - So Condition of Earth is irrelevant.
- 60% of Americans Believe in Prophecies of Revelations For these Xians - The Fate of All Else doesn't matter.
- 7 Knowledge & love of Nature is a "magic well" - the more you draw from it the more there is to draw.
- Darwin - was a minister & offered every moral Q to bible.
- 10 The Human Problem - Species with Stone Age Emotions, Medieval self image & god like technology.
- Effect - Species that is unresponsive to the forces that affect its survival.
- ENRHO/ECME - Need Rapid Cultural Evolution / Consciousness
- Services provided by environment equal to all of earth's economic GNP
- Great Religions have done little to protect the living world.
- 10 - Eco Quote from Bible - Another try - to "keep it"
- 11 Green History - Civilization was purchased by the betrayal of nature.
- 12 Now ECME - Spiritual roots of Homo Sapiens extend deep into the natural world through still mostly hidden channels of mental development. Get Hoffman Quets L.S.D.
- 13 Neolithic Revolution was wrong turn?
- Not (like Hepburn) to Ascend from Nature - but ascend to nature - Gravitational pull of the Natural world on our spirit.
- 24 Tropical Rainforest 6% of earth's surface
- 50% of terrestrial biodiversity
- 16 5% of earth's surface burned annually
- 29 The Destructive Power of Homo Sapiens Has No Limit - with We (Israel) have - Sacred Scripture (Even Hancock & Ellis Age Desert Kingdoms, First species to become a geophysical force.
- 31 ECME Plants - Create the very air we breathe
- 11 The sustaining matrix of our existence is the green plants (the small organisms)
- 32 - The power of Living Nature lies in sustainability through Complexity.

- 35 Great Wording on the Great Dieoff - Reduced to Barbarism without bugs and weeds.
- 63 - Biophilia - Gravitational Pull of Nature on the human psyche - has Moral Consequence
- 69 - Human Nature - Humans prefer Savannah - type more relaxed - less angry.
- Central ethic must come full circle from Genesis / dominion.
- 77 - Rain Forest - More than half the known species - Animals
- 75 HIPPO - The Cause of Species Loss - Pauperization of Earth Habitat Invasives Pollution Pop (Human) Oversteering
- Hawaii - Extinction Capital
- 78 - Rivers? - Fish? 10,000 of 25,000 Known Fish Species Extinct
- China Coral Reefs
- Human Water Use - Majority of runoff from rivers, creek etc
- 90 - Wild Nature - Provides Economic Return equal to all that humans produces
- 82 - Sermon of the Exemptionalist Sermon 0-1 pg. - of E.O. Wilson
- 95 Hot Spots - Preserve 2.3% of earth's surface would preserve most land species.
- 98 \$30 billion investment could save hot spots
- 67% of earth's land dwelling plants & animals, evolution (of species) new theater of spiritual energy
- 114 Darwin - Natural Selection
- 117 Don't even know what we are destroying. Don't know what is here. 10% of species are known. 200 million
- 100 times base rate - So a 1000 times base rate 10 million years to restore biodiversity
- 122 For every problem in Biology there exists a species Entao ideal for its solution.
